

## Dear Sir/Miss. I want a job! Can you help me?

Go to **My Job** and select **Find My Job Ads**

Down the **left hand** side are all the careers and each one has the current job vacancies for that career. Whether it is an apprenticeship for budding carpenters, plumbers, electricians, mechanics or chefs...you name it, they are ready and waiting. Indeed searches for you across all search engines and pools all the vacancies together that are advertised ready for you and your students.

Down **the centre** of the screen you will find all the help your students need to give them the hands on skills to land their job. All the advice shows them step by step what to do, what to say and how to write to an employer.

The screenshot displays the JobJump website interface. At the top left is the JobJump logo. A navigation menu includes: Career Explorer, My Subjects, My ATAR, My Course, My Job, My Pay, and My Resume. A red arrow points from the 'My Job' menu item to a dropdown menu containing: Find My Job Ads, Apprenticeships, Traineeships, Work Experience, Work Safe Quiz, Defence Jobs, and First Aid. The main content area features a word cloud of various careers such as Dentist, Chef, Mining, Engineer, Designer, Teacher, Mechanic, and Technician, each accompanied by a small icon. At the bottom, a dark blue banner reads: 'The news for your Careers sent to you!'.
